Audio

NEW! Overhead Audio System

Yamaha and SSV Works[®] collaborated on the design for this Overhead Audio System for the YXZ1000R. Designed to withstand harsh conditions, the system preserves valuable cargo space by mounting two speakers overhead and utilizes the dash area for the audio controls. Other features include:

- Waterproof, marine-grade, two-way, 6.5" speakers
- Audio control on the dash (volume, track, forward/back, play/pause) and 3.5mm AUX input for MP3 or SiriusXM[®] Radio, and a 12 V DC charge port
- Bluetooth[®] connectivity
- SSV Works[®] output connector for system expansion
- Includes accessory Gauge Pod (B5H-U35B0-V0), sold separately for mounting the Overhead Audio System
- To further enhance this system, add on the accessory Rear Speaker Pods and Powered Sub Woofer (sold separately)
- Because Yamaha has the highest standard for our customers, we "highly recommend" using the 2nd Battery Kit or Alternator Kit (both sold separately) when installing multiple electronics on the YXZ1000R or YXZ1000R SS
- Available July 2018

Fits '19 YXZ1000R/ SS models

B5H-H81C0-V0

NEW! Rear Speaker Pods (Not Shown)

These simple yet durable modular rear speakers crank out quality sound and bass response.

- These speakers endure harsh conditions thanks to their marine-grade fiberglass construction
- Compatible and designed to be used with our Overhead Audio System and Powered Sub Woofer (sold separately) or most other audio systems
- Set includes stainless steel mounting hardware
- Mounts behind driver and passenger, utilizing the overhead protection bars
- When installed in conjunction with accessory Rear Window (B5H-K750A-T0) sold separately, the rear window will need to be trimmed for accurate fitment
- Because Yamaha has the highest standard for our customers, we "highly recommend" using the 2nd Battery Kit or Alternator Kit (both sold separately) when installing multiple electronics on the YXZ1000R or YXZ1000R SS
- Available August 2018

NOTE: *Trimming required; dealer installation recommended*

Fits '19 YXZ1000R/ SS models

B5H-H81D0-V0

NEW! Powered Sub Woofer by SSV Works[®]

This 10" powered sub woofer is designed to deliver the best sound quality and bass response.

- Features a modular design
- Fiberglass construction and marine-grade components withstand harsh trail conditions
- Includes housing, speaker, amplifier, and stainless steel mounting hardware
- Designed to be used with Overhead Audio System and Rear Speaker Pods (sold separately)
- Because Yamaha has the highest standard for our customers, we "highly recommend" using the 2nd Battery Kit or Alternator Kit (both sold separately) when installing multiple electronics on the YXZ1000R or YXZ1000R SS
- Available July 2018

NOTE: Cutting required; dealer installation recommended

NEW! Gauge Pod

This stylish pod mounts effortlessly to the dash and complements the styling of the unit. Located in the perfect spot to not diminish visibility and is easily accessible. Includes a blank faceplate with multiple cut locations, giving you the ability to mount various combinations of gauges and switches.

- Constructed from polypropylene
- Large enough to mount 2" gauges
- Does not interfere with access panels and/or service items
- Included in the accessory Overhead Audio System (B5H-H81C0-V0), sold separately
- Available August 2018

Fits all YXZ models
B5H-H35B0-V0

NEW! 2nd Battery Kit (Not Shown)

The integrated 2nd Battery Kit enables the use of two batteries, saving the main battery for essential functions like starting — giving you the confidence you need. If both batteries need charging, the main battery is charged first. Kit mounts underneath the hood, making for a simpler electrical access point for an improved accessory installation. Use with 12 V accessories such as winches, lights, stereos, and more.

- Waterproof design
- Includes cut-to-length wiring and connectors
- Easy to install
- Available August 2018

Fits '19 YXZ1000R/ SS models
B5H-H21B0-V0

NEW! Yamaha Adventure Pro[™] powered by Magellan[®]

When out on the trails or exploring all-new areas this Yamaha Adventure Pro powered by Magellan[®] will help you get the most out of your adventure! The Adventure Pro is the perfect companion and will help you share your trail experience with its front and rear cameras and social media/trail/vehicle logging. Further increase your confidence while exploring by being informed of what's happening with your ride as the Adventure Pro integrates with your ride's computer.

- 7" color LCR transmissive display — no need to remove gloves to use touchscreen
- WiFi capability and Bluetooth[®] connectivity
- Waterproof and shockproof
- Preset to share through all social media channels
- Unit-integration capabilities: vehicle speed, gear position, coolant temperature, battery voltage, 4WD status, and vehicle warnings
- U.S. and Canada pre-loaded maps with Yamaha dealerships
- Includes a Yamaha-exclusive website to plan and share rides with other Yamaha riders on TRX Trailhead (www.yamahaadventurepro.com) — the online planning/sharing tool where you can publish your tracks and show other riders your adventures with a quick, and easy-to-create link
- Free lifetime map and software updates
- Includes RAM[®] mount for easy and flexible mounting (all hardware and wiring included)

NOTE: For installation on '16~'18 YXZ1000R/SS models and '18 Wolverine X4 models, accessory Adventure Pro Universal Wiring (B8K-H8107-V0) is required and sold separately. Provides limited data integration and full GPS function on these models. For installation on Viking models (all years) and Wolverine models ('18 and earlier), accessory Adventure Pro Universal Wiring (B8K-H8107-V0) is required and sold separately and provides GPS function only on these models.

Fits '19 YXZ1000R/SS; Wolverine X4; Wolverine X2

Storage

NEW! Rear Cargo Box

Secure your essentials when venturing out in your side-by-side! This cargo box maximizes the storage space without sacrificing the styling of the YXZ[®]

- Capacity: approximately 4.5 cubic feet
- Constructed of tough, linear, low-density polyethylene
- Water and dust-resistant
- Lockable lid (includes space for an optional padlock)
- Non-reflective surfaces
- Helps prevent cargo contamination
- Lid stays open past 90° angle position for easy access to cargo
- No tools needed for installation and/or removal
- Available July 2018

Fits '19 YXZ1000R/ SS models

B5H-F83P0-V0

NEW! Soft Side Cooler

This cooler is ideal for keeping your beverages and snacks cool while out on the trail, on the water, or for any other outdoor activity.

- Zippered storage compartment easily holds 24 cans plus ice
- Waterproof liner and high-density insulation keeps ice longer and contents cooler — pushing cooling to the max
- Unique adjustable securing panel helps hold contents in place while in motion
- Four-point, quick-release tie-down system holds cooler in place over the roughest terrain
- Includes a shoulder strap and a Yamaha logo bottle opener
- Approximate dimensions: 18"L x 7"W x 12"D
- Available July 2018

Fits in cargo boxes on all YXZ1000R models

Tops

NEW! Hard Sun Top

This full length, one-piece, twin sheet polyethylene Hard Sun Top Kit provides optimal shade while also adding protection from low hanging trees and brush along the trails.

- One part for simple installation and no leaky seams
- Integrated wiring paths
- Includes all necessary hardware needed for installation
- Designed to work perfectly with the accessory Soft Side Covers and Rear Window, both sold separately
- Available July 2018

Fits '19 YXZ1000R/ SS models
B5H-K84A0-V0

Shown here with our accessory Folding Windshield (B5H-F83J0-V0-00), sold separately

Windshields & Wind Protection

NEW! Folding Windshield

The YXZ1000R Folding Windshield provides protection and versatility for changing weather conditions all thanks to its convenient folding design. Fold the hard-coated polycarbonate panels up, down, or simply tip-out for various climate conditions.

- Built-in kickstands for tip-out functionality open the bottom 2" for airflow
- Provides protection from wind, rain, leaves, branches, brush, and other trail debris
- Superior scratch resistance
- Will not shatter like acrylic windshields
- Highly recommended to be used with our accessory Soft Side Covers (B5H-F17B0-V0), sold separately
- Available September 2018

NOTE: Drilling of Sun Top required for installation

NEW! Rear Window

This hard polycarbonate rear window keeps the dust down and wind at bay inside the rider area. Simple mounting and market-leading features like rubber dampeners and polycarbonate materials provide excellent protection from the elements at an outstanding value. Highly recommended to be used in conjunction with accessory Folding Windshield and Soft Side Covers for maximum weather protection (both sold separately).

- Simple clamp mounting for easy install and trouble-free performance
- Rubber dampeners reduce noise
- Integrates with additional Yamaha Genuine Accessories
- Dealer installation recommended (trimming is required with use of the accessory Rear Speaker Pods)
- Available September 2018

Fits '19 YXZ1000R/ SS models

B5H-K750A-T0

NEW! Soft Side Covers

These Soft Side Covers protect occupants from rain, wind, mud, and light trail debris. When installed in conjunction with the accessory Folding Windshield (sold separately), it closes the gap and provides a good seal from cold and rain.

- Quick snap-on/pull-off installation
- Zippers operate in conjunction with doors for easy in/out access
- Windows can be rolled up and secured with straps when not needed
- Made of durable Sur Last[®] 300D and clear vinyl
- Attaches with hook-and-loop and permanent riveted snaps, no adhesive that gums up your panels/doors and wears out quickly
- Highly recommended to be used in conjunction with accessory Rear Window and Folding Windshield for maximum cab warmth and weather protection (all sold separately)
- All components are rust and UV-resistant
- Dealer installation recommended (drilling and riveting required)
- Available August 2018

Audio

NEW! Audio Pod System by SSV Works®

Yamaha and SSV Works® have been creating cutting edge, clean, integrated audio systems for several years. The culmination of that experience has led to the design of the highest performing audio pod system to date. Newly designed, acoustically-tuned, fiberglass speaker pod enclosures adjusted for volume and mid-bass. A perfect fit under our accessory Hard Sun Top Kit (sold separately) for a simple and integrated installation.

System includes:

- Two SSV Works® A6 Powersports 6.5" marine-grade speakers provide an amazing combination of clarity and volume along with the durability you expect
- MRB3 controller installed with the integrated mounting kit gives you a user-friendly, unobtrusive design
- Plug-and-play harnessing and 200 W amplifier included
- Upgradeable to include an additional two pod speakers (sold separately)

Fits '19 Wolverine X2

Cold Weather

NEW! Hard Cab Enclosure System

Yamaha is proud to offer this integrated Hard Cab Enclosure System for the Wolverine X2. This system has been designed alongside the unit to provide the highest level of durability, comfort, and function. The Glass Front Windshield with Wiper includes an integrated, pre-installed wiper with the simple-to-install washer bottle tucked neatly under the hood area. The full front and rear doors with sliding glass windows allow both vision and contact to the outside. The rear window features a pickup truck-style sliding glass window for added convenience and capability. All doors and rear window also feature keyed locks to add an additional level of security. Combine this hard cab system with our accessory Heater System (sold separately) to have the ultimate in comfort and style.

- System includes Hard Cab Enclosure System Glass Front Windshield with Wiper (BG4-F83J0-T0), Hard Cab Enclosure System Doors (B8K-K85A0-V0), and Hard Cab Enclosure System Glass Rear Window (B8K-K750A-V0)
- Full front lockable doors
- Requires Hard Sun Top Kit (B8K-K84A0-V0), sold separately
- No drilling required
- Includes all necessary hardware for installation

NEW! Soft Cab Enclosure System

A perfect, versatile Soft Cab Enclosure System that complements the Wolverine X2. This system includes our accessory Soft Rear Window (B8K-K750A-T0) which is made from durable Sur Last® 300D. Clear vinyl doors give you the complete coverage needed to keep the elements out while keeping you on the trail longer. Since weather isn't always predictable, our collapsible door windows provide the ability to adjust the system, allowing the rider to control the amount of coverage the day demands.

- Protects occupants from rain, wind, mud, and light trail debris
- Quick snap-on/pull-off installation
- Zippers operate in conjunction with doors for easy in/out access
- Windows can be rolled up and secured with straps when not needed
- Made of durable Sur Last® 300D and clear vinyl
- Attaches with hook-and-loop and permanent riveted snaps, no adhesive that gums up your panels/doors and wears out quickly
- Highly recommended to be used in conjunction with our accessory Polycarbonate Front Windshield (BG4-F83J0-V0), sold separately
- Requires Hard Sun Top Kit (B8K-F84A0-V0), sold separately
- When installed in conjunction with our accessory Polycarbonate Front Windshield and Hard Sun Top Kit (both sold separately) it closes the gap and provides a good seal from cold and rain
- All components are rust and UV-resistant
- Dealer installation recommended (drilling and riveting required)

Heater System

Don't let the cold weather rob you of fun or slow down your work. This hot water heater system adds additional warmth and comfort on those frigid days. Designed alongside the unit from day one, Yamaha's heater system was designed to be stored under the driver seat so that it doesn't sacrifice precious cargo space. Integrated routing for all vents allows for seamless install and amazing performance.

- A total of four vents—two for defrosting and two for dash/cabin vents
- 22,000 BTU/hr, 240 CFM blower to provide maximum heating comfort
- Three-position rocker switch
- Wire harness for plug-and-play installation
- Integrated mounting and drilling points for vents
- Includes all necessary hardware—hose, clamps, brackets, cable ties, and instructions
- Dealer installation recommended (drilling is required)

Fits '19 Wolverine X2

Snow Plow Kit by WARN®

The Snow Plow System by WARN® has been designed from the ground up to be the most versatile, durable, and high performance plow system on the market. It's easy to connect. It's heavy-duty. Simply put, it's engineered to perform. Key features:

- Fast-connect front mounting (plow mounting required) allows for a clean and easy fit-up with no tools, no hassle, and no more crawling under the vehicle
- Thick-gauge steel with reinforcing rib, cross member, and boxed design provide outstanding durability and performance
- Large diameter pivot assemblies allow smooth, precise, reliable, long-term performance powder-coated finish that helps shed snow while also designed to hold up in the harshest conditions
- Wide and tall 72" blade is treated with a low-friction powder coated finish
- Replacement pieces also available

Fits all Wolverine X2 models
ROV-PLOWK-IT

Mirrors

Explorer Mirror by Assault Industries™

Expanding from the success of Yamaha's YXZ Assault Bomber Mirrors, we have collaborated with Assault Industries™ to provide a mirror solution for all applications. This Explorer Mirror by Assault Industries™ was designed for the outdoor adventure seeker! These mirrors feature the greatest range of visibility. The housing made from high-impact polymer for lightness and durability. For next level install and convenience, the Explorer Mirror is a direct install to the Wolverine X2/ X4 Hard Cab Doors (sold separately) — no mounts required! For your non-cab Wolverine X4, Wolverine X2, Wolverine, Viking, and YXZ models, simply choose the correct clamps needed for install.

- Wide range of adjustability
- Patent pending clamp design
- Lightweight

Fits '19 Wolverine X2

Bomber Mirror by Assault Industries™

The Assault Industries™ Bomber series side mirrors are a favorite amongst side-by-side riders. Made from high-grade aluminum and lightweight polymer materials, these mirrors feature sleek, aggressive styling perfectly matched for your Wolverine X2. These well designed, highly adjustable mirrors provide exceptional rearward visibility. The break away design helps to prevent crushing damage to the mirror by allowing it fold away on impact. For next level install and convenience, the Bomber Mirror is a direct install to the Wolverine X2/ X4 Hard Cab Doors (sold separately) — no mounts required! For your non-cab Wolverine X4, Wolverine X2, Wolverine, Viking, and YXZ models, simply choose the correct clamps needed for install.

- Wide range of adjustability

Protection

Front Brush Guard

Protect the front of your Wolverine X2 with our Front Brush Guard. Utilizing both tubing and plating, it provides excellent protection from brush and trail obstacles while blending perfectly with the styling of the Wolverine X2's front end. Moving the Front Brush Guard one step higher, the integrated positions of Yamaha's Accessory Lights-Flood (2HC-H4104-L0) or Accessory Lights-Spot (2HC-H4104-V0), both sold separately, allows for additional lighting exactly where you need it but also out of the way from possible damage from trail debris and brush. Compatible with our accessory front winch systems for even more versatility and value. Don't settle for just any ordinary Front Brush Guard—get the styling and features you deserve.

- Durable, rugged steel construction with a powder-coated finish
- Designed to perfectly match the Wolverine X2's front profile while adding a tough, aggressive look

Fits '19 Wolverine X2
BG4-F84L0-V0

NEW! Rear Brush Guard

The Rear Brush Guard is designed to protect your Wolverine X2's back end while keeping the aggressive style of your side-by-side. This tubular and plate steel Rear Brush Guard features six integrated mounting locations for a simple installation. The brush guard itself features mounting positions for Yamaha's Accessory Lights-Flood (2HC-H4104-L0) or Accessory Lights-Spot (2HC-H4104 V0), both sold separately, letting you add lighting at the rear of the vehicle.

- Durable, rugged steel construction with a powder-coated finish
- Extends down the frame tube for additional coverage

Fits '19 Wolverine X2
B8K-F85E0-V0

NEW! Rock Sliders

Take on the toughest, gnarliest trails but still protect your Wolverine X2. Yamaha's accessory Rock Sliders provide frame rail protection for the under-door area. Utilizing a full length, plated substructure, these Rock Sliders provide stylish looks while being robust enough to take on the abuse from trail obstacles. For the utmost protection, pair these Rock Sliders with our accessory Front Bash Plate (2MB-F84N0-T0), Front A-Arm Guards (BG4-F31A0-V0), and Skid Plate (BG4-F84P0-V0), all sold separately. The perfect combination to armor up your Wolverine X2 for your next trail or work adventure.

- Durable, rugged steel construction
- Silver contrast color
- Integrated mounting positions

Fits '19 Wolverine X2
B8K-F11D0-V0

Skid Plate

Built from 3/8"-thick, ultra-high-molecular-weight polyethylene (UHMWPE), this additional bolt-on skid plate offers superior protection from rocks, roots, and trail debris. Integrated mounting points provide simple installation as it was designed to keep your service access points accessible.

- Durable 4-piece, plastic construction protects the entire undercarriage
- Black color integrates with underside of unit
- Recessed corrosion-resistant mounting hardware included
- Works in conjunction with Yamaha's accessory Front Bash Plate (2MB-F84N0-T0), Rock Sliders (B8K-F11D0-V0), and Front A-Arm Guards (BG4-F31A0-V0), all sold separately

Fits '19 Wolverine X2

Storage

NEW! Rear Cargo Box

Yamaha has created a Rear Cargo Box to provide maximum storage space without sacrificing the versatility of your Wolverine X2. Fits perfectly in the rear cargo area for additional storage with style to match. This lockable box works great with or without Yamaha's optional cab systems.

- Integrated cup holders
- Lockable and water-resistant
- Replaces tailgate for maximum storage
- Capacity: 24 gallons (approximately 3.2 cu. ft.)

Fits '19 Wolverine X2

NEW! Soft Side Cooler

This cooler is ideal for keeping your beverages and snacks cool while out on the trail, on the water, or for any other outdoor activity.

- Zippered storage compartment easily holds 24 cans plus ice
- Waterproof liner and high-density insulation keeps ice longer and contents cooler — pushing cooling to the max
- Unique adjustable securing panel helps hold contents in place while in motion
- Four-point, quick-release tie-down system holds cooler in place over the roughest terrain
- Includes a shoulder strap and a Yamaha logo bottle opener
- Approximate dimensions: 18"L x 7"W x 12"D

Fits in cargo boxes on all Wolverine X2 models

B8K-F847U-V0

NEW! Spare Tire Mount

This Spare Tire Mount allows the transport of a spare wheel and tire for long rides or rough terrain; giving you peace of mind that you've got a back-up if needed.

- Fits a variety of wheels and sizes—can mount up to a 32" tire
- Steel construction with satin powder-coated finish
- Integrated mounting points for simpler installation
- Wheel and tire not included

Fits '19 Wolverine X2

B8K-K75J0-V0

Tops

NEW! Hard Sun Top Kit

This full length, one-piece, polyethylene Hard Sun Top Kit provides optimal shade while also adding protection from low hanging trees and brush along the trails. Designed to work perfectly with Yamaha's accessory Hard Cab Enclosure System (B8K-K81C0-T0-00) or Soft Cab Enclosure System (B8K-K81C0-V0), both sold separately.

- A true one part system for simple installation—no leaky seams
- Integrated wiring paths
- Includes all necessary hardware

Fits '19 Wolverine X2

Winches

ProVantage 3500 Winch by WARN®

WARN® Industries, a leader in the winch business, worked with Yamaha to create the ProVantage 3500 specifically for Yamaha customers. With a 3500 lb. capacity, this winch is perfect for all Yamaha Side-by-Side models. Winch Mount required for installation. Features include:

- Fully sealed, three-stage planetary gear train, all-metal gear housing and gears
- 50' of 3/16" wire rope and plow roller fairlead
- Durable corrosion-resistant black finish on hook, tie rods, and body
- No universal wiring and mounts
- Patented roller disc brake for outstanding control while winching
- Limited lifetime mechanical warranty and three-year electrical warranty

Fits '19 Wolverine X2
SSV-F740C-V0

Vantage 3000 Winch by WARN®

WARN® Industries, a leader in the winch business, worked with Yamaha to create the Vantage 3000 specifically for Yamaha customers. This winch's 3,000 lb. capacity is suitable for all Yamaha Side-by-Side models. Features include:

- Fully sealed, three-stage planetary gear train, composite gear housing with metal gears
- 50' of 5/32" wire rope and roller fairlead
- Durable corrosion-resistant black finish on hook, tie rods, and body
- Patented roller disc brake for outstanding control while winching
- 5-year mechanical and one-year electrical limited warranty from WARN®

Fits '19 Wolverine X2
SSV-F740C-T0

Front Winch Mount Kit by WARN®

If your day-to-day use demands the pulling power and performance of the Yamaha ProVantage 3500 or Vantage 3000 Winch by WARN®, look no further. Introducing the Front Winch Mount Kit that includes everything you need to install one of these winch systems on your Wolverine X2.

- Requires the use of either the Yamaha ProVantage 3500 or Vantage 3000 Winch by WARN®, both sold separately
- Kit includes mounting plate, wires, and Yamaha Genuine connectors for a clean, stock appearance with easy plug-and-play installation

Fits '19 Wolverine X2

Windshields & Wind Protection

NEW! Soft Rear Window

The Soft Rear Window (which is included in the Soft Cab Enclosure System) is now available to purchase separately. Perfect for Wolverine X2 owners wanting added protection from wind, rain, and debris.

- Quick snap-on/pull-off installation
- Windows can be rolled up and secured with straps when not needed and to access the rear cargo area
- Made of durable Sur Last® 300D and clear vinyl
- Attaches with hook-and-loop and permanent riveted snaps, no adhesive that gums up your panels/doors and wears out quickly
- Highly recommended to be used in conjunction with our accessory Polycarbonate Front Windshield (BG4-F83J0-V0), sold separately
- Requires Hard Sun Top Kit (B8K-K84A0-V0), sold separately
- All components are rust and UV-resistant
- Not compatible with accessory Hard Cab Enclosure System Doors (B8K-K85A0-V0), sold separately
- Dealer installation recommended (drilling and riveting required)

Fits '19 Wolverine X2
B8K-K750A-T0

Polycarbonate Front Windshield

This new fixed, hard-coated Polycarbonate Front Windshield offers three key features—superior scratch resistance, competitive pricing, and simple installation/removal. It utilizes an improved version of the already proven clamp system. Designed to work perfectly with Yamaha's accessory Soft Enclosure Cab System, sold separately, to give you the ability to adjust the amount of weather protection needed.

- Provides protection from wind, rain, leaves, branches, brush, etc.
- Integrated design for perfect fit
- Simple clamping for tool-less installation and removal
- Not compatible with accessory Hard Cab Enclosure System Doors, sold separately
- Recommended to be used in conjunction with Hard Sun Top Kit, sold separately

Fits '19 Wolverine X2
BG4-F83J0-V0

- Zippered storage compartment easily holds 24 cans plus ice
- Waterproof liner and high-density insulation keeps ice longer and contents cooler — pushing cooling to the max
- Unique adjustable securing panel helps hold contents in place while in motion
- Four-point, quick-release tie-down system holds cooler in place over the roughest terrain
- Includes a shoulder strap and a Yamaha logo bottle opener
- Approximate dimensions: 18"L x 7"W x 12"D
- Available July 2018

Fits all Utility ATV models

B8K-F847U-V0

Protection

NEW! Heavy-Duty Front Brush Guard

This rugged Brush Guard is designed to provide additional protection while you're out on the trail. It was designed to seamlessly integrate with the front profile of the ATV while adding a tough, aggressive look.

- Helps protect the front end, fenders, and headlights while complimenting the styling of your ATV
- Durable bent steel tubing construction
- Direct replacement for stock front grab bar — utilizes stock mounting points and hardware

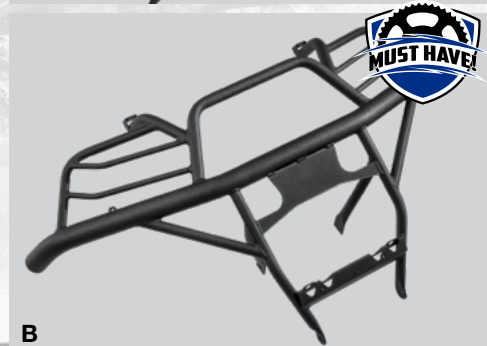

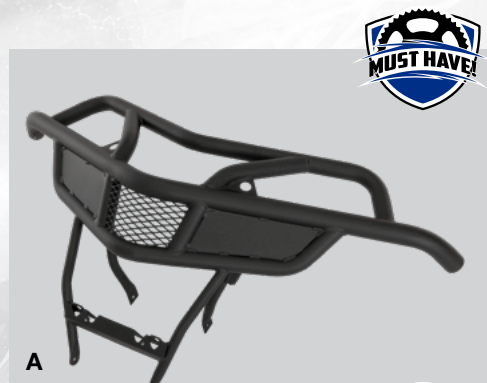

NOTICE: If you install the Quick-Detach Plow System by WARN® with the Heavy-Duty Front Brush Guard mounted, do not adjust the plow blade to its full left or right angle. This could cause cosmetic damage to the Brush Guard.
